All entries must be 100% original and hand-drawn or digitally illustrated by the artist.

Absolutely NO AI-generated, AI-assisted, or traced artwork will be accepted.

Violators will be automatically disqualified and barred from future competitions.

## 2. Jamaican/Caribbean-Themed Character Design Required

Submissions must feature an original superhero or anime-style protagonist inspired by Jamaican culture, folklore, people, or environment.

Characters should reflect local identity, creativity, or a Caribbean twist on anime tropes.

## 3. Submission Must Include Artist Statement

All entries must be submitted with a short concept description (100-200 words) explaining the character's backstory, powers, inspiration, and relevance to the theme.

This helps the judges understand your vision and storytelling.

Only one entry per individual artist will be accepted. Teams or collaborative entries are not allowed.

Submit your best single piece that fully represents your concept.

## 5. Artwork Must Be Suitable for Public Display

All submissions must be PG-13 or lower and suitable for a family-friendly audience.

No nudity, excessive violence, hate symbols, or offensive content.
